Landscape Industry Certified

Learn to use the latest techniques and products in drainage to your advantage in this design and basic installation workshop.

Whether you are new to drainage or have been offering it for years, discover how you can make drainage a profitable part of your company's services. You will learn how to solve problem drainage areas using:

- Catch Basins and Grates
- Gravel Free French Drains
- Manufactured Dry Wells
- Trench Drain Systems

You will be shown how to "control" the water on a property using the latest technology in order to complete your drainage installation with less labor and more profits.

All registrations include continental breakfast.

Cancellations made 8 to 14 days prior to the course start date will be subject to a 30% cancellation fee. NO refunds will be issued for cancellations 7 days or less prior to the course, no shows, or cancellations on the day of the course. If, for any reason, the course is cancelled, enrollees will be notified, and fees refunded in full.
